

Warehouse Operative

The Ashton Group was established in 1866 and are distributors of Seals, Gaskets, Fasteners and other engineering products.

Providing general warehouse support to the organisation, your main duties will involve:

- Working closely with Warehouse and Quality Department performing inspections and tests on incoming material, ensure that quality standards are met
- Booking in received parts and locate/relocate using the business system
- Accurately move stock to and from storage locations
- Pick kits of components and finished goods to order
- Undertake general warehouse duties as required
- Where necessary, have communication with both suppliers and customers to ensure product specifications are understood
- Support quality, Sales and manufacturing as needed
- Generate appropriate documentation, records and reports
- The ideal candidate will have previous experience in a similar role (warehouse, stock room etc), possessing the ability to work within a busy team environment under minimum supervision.

Applicants are required to have a UK driving licence for this position and a Forklift Licence though not essential would be advantageous.

Hours of business: 8.30 - 5.00pm Monday to Friday

To apply please submit a covering letter and a copy of your most recent CV to the Technical Director.
