

Quality Control Professional

The Ashton Group were established in 1866 and are distributors of Seals, Gaskets, Fasteners and Engineering Products.

As a leading distributor of sealing solutions to varied sectors and a manufacturer of gaskets and plastic packaging we are seeking a Quality Professional from a manufacturing / production environment.

Requirements

- Previous experience of rubber materials would be desirable.
- Ability to read engineering drawings/specifications.
- Knowledge of ISO9001:2000 and trained in internal auditing.
- Maintaining quality manuals and associated documents.
- Responsibility for the generation, monitoring and reporting of KPIs.
- Resolve product related problems and supplier quality issues. Non conformance/8D reporting.
- Day to day management of all Health & Safety procedures, risk assessments and associated documentation.
- Good communication and reporting skills between shop floor and senior management.
- Knowledge of APQP, PPAP, IMDS, REACH, ROHS, ISO18001, ISO 14001 and Aerospace AS 9120 would be desirable.
- Ability to manage the operations/facilities requirements for the business.

Hours of business 8.30 - 5.00pm Monday to Friday.

Part-Time Applicants will be considered.

To apply please submit a covering letter and a copy of your most recent CV to the Managing Director.
